Dear Supervisors:

**APPROVAL TO ACCEPT A GRANT AWARD AND TWO SUPPLEMENTAL AWARDS FROM
THE CENTERS FOR DISEASE CONTROL AND PREVENTION TO SUPPORT THE
DEPARTMENT OF PUBLIC HEALTH'S OFFICE OF AIDS PROGRAMS AND POLICY
(ALL SUPERVISORIAL DISTRICTS) (3 VOTES)**

SUBJECT

Request approval to accept a grant award and two supplemental awards from the Centers for Disease Control and Prevention to support the Department of Public Health's Office of AIDS Programs and Policy.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and instruct the Director of the Department of Public Health (DPH), or his designee, to accept and execute Calendar Year (CY) 2009 Notice of Cooperative Agreement (NCA) Number (No.) 3U62PS923479-05W1 (Exhibit I) from the Centers for Disease Control and Prevention (CDC) to continue support of DPH's Office of AIDS Programs and Policy (OAPP) Human Immunodeficiency Virus (HIV) Prevention Projects for the period of January 1, 2009 through December 31, 2009, in the amount of \$3,150,043. This is a 25 percent partial award, pending approval of the federal budget.
2. Delegate authority to the Director of DPH, or his designee, to sign amendments substantially similar to the NCA from the CDC for CY 2009, to accept the remaining 75 percent of the HIV Prevention Projects funds in the anticipated amount of \$9,450,129 (CY 2009 total allocation is estimated at \$12,600,172) pending Congressional approval of the 2009 appropriations, and following review and approval by County Counsel and the Chief Executive Office and notification of the Board Offices.
3. Delegate authority to the Director of DPH, or his designee, to accept and execute future awards and/or amendments, substantially similar to the NCA from the CDC for CY 2009, that extend the term, rollover unspent funds, and/or increase or decrease funding by no more than 25 percent of the total annual amount, subject to review and approval by

County Counsel and the Chief Executive Office and notification of the Board offices.

4. Approve and instruct the Director of DPH, or his designee, to accept and execute supplemental NCA No. 5U62PS923479-05 REVISED (Exhibit II) from the CDC for continued support of HIV Prevention Projects for CY 2008, for the period of October 1, 2008 through December 31, 2009 in the amount of \$200,000.
5. Approve and instruct the Director of DPH, or his designee, to accept and execute supplemental NCA No. 3U18PS000295-02S1 (Exhibit III) from the CDC to support a 12 month extension of the HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project, for the period of September 30, 2008 through September 29, 2009 in the amount of \$88,395.
6. Delegate authority to the Director of DPH, or his designee, to accept and execute future awards and/or amendments, substantially similar to NCA No. 3U18PS000295-02S1, that extend the term, rollover unspent funds, and/or increase or decrease funding not to exceed 25 percent of the total supplemental award in the amount of \$88,395, subject to review and approval by County Counsel and the Chief Executive Office and notification of the Board offices.

PURPOSE/JUSTIFICATION OF THE RECOMMENDED ACTION:

Your Board's approval of these actions will enable DPH's OAPP to accept CDC grant funds to continue countywide HIV Prevention Projects, and to continue evaluating HIV Rapid Testing Algorithms designed to reduce the delay of receiving confirmatory results and increase the provision of HIV treatment for individuals who test HIV-positive.

HIV Prevention Projects

The HIV Prevention Projects grant provides funding for vitally needed direct services such as HIV education and prevention, HIV counseling and testing, HIV/AIDS surveillance, and HIV intervention for individuals living with HIV or at risk for the transmission of HIV. In addition, funding is provided for administrative costs related to the grant program including personnel costs, supplies and equipment, and travel and training expenses.

The supplemental award for HIV Prevention Projects is restricted funding which must be fully obligated and expended by December 31, 2009, or otherwise returned to CDC. The award will be used to fund the MACC Oasis Clinic which will conduct a social network pilot project targeting African American men, ages 13 to 24, who have sex with men (MSM) in Service Planning Area (SPA) 6. The pilot project will provide HIV prevention education to African American MSM in an attempt to encourage testing for HIV in order to reduce the incidence of new HIV infection, and the overall prevalence of HIV infection in the African American community.

HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project

The supplemental award for the HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project will fund the extension of this project for an additional 12 months, from September 30, 2008 through September 29, 2009, and will be used to support ongoing staff salary costs and supplies associated with the project. The pilot program is

designed to measure the efficacy of various rapid testing algorithms in multiple geographical locations.

Los Angeles County residents have benefited from participating in this project by learning of their HIV status in a rapid testing setting rather than the longer, more traditional two week waiting period for confirmatory test results.

Implementation of Strategic Plan Goals

These actions support Goal 6, Community Services and Goal 7, Health and Mental Health of the County Strategic Plan, by procuring CDC funds to decrease the overall prevalence and incidence of HIV and AIDS in Los Angeles County through a variety of HIV prevention activities.

FISCAL IMPACT/FINANCING:

HIV Prevention Projects

The total program cost for HIV Prevention Projects for CY 2008 is \$12,800,172, comprised of \$12,600,172 (NCA No. 5U62PS923479-05) effective January 1, 2008 through December 31, 2008 and \$200,000 (NCA No. 5U62PS923479-05 REVISED) effective October 1, 2008 through December 31, 2009, fully offset by CDC grant funding.

The total program cost for HIV Prevention Projects for CY 2009 is \$12,600,172. The CDC has awarded NCA No. 3U62PS923479-05W1, a partial award in the amount of \$3,150,043. This award represents 25 percent of the total allocation for CY 2009. Upon Congressional approval of the 2009 appropriations, an amendment will be issued to award the remaining grant funds in the anticipated amount of \$9,450,129. Funding for this award is included in the FY 2008-2009 Adopted Budget and will be included in the FY 2009-2010 Proposed Budget Request.

HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project

The total program cost for the HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project extension is \$88,395, fully offset by grant funding from CDC supplemental NCA No. 3U18PS000295-02S1 for the period of September 30, 2008 through September 29, 2009.

There is no net County cost associated with these actions.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

HIV Prevention Projects

On April 20, 2004, your Board authorized the Director of Health Services (now Public Health), or his designee to accept NCA No. U62CCC923479-01 from the CDC in the amount of \$3,368,818 for the period of January 1, 2004 through December 31, 2004, and granted delegated authority to accept future NCAs for CYs 2005 through 2008, following review and approval by County Counsel and notification of your Board offices.

On July 24, 2008, OAPP received notification from the CDC informing them of their eligibility for a 12 month extension of the HIV Prevention Projects award for the CY 2008 budget period, expiring on December 31, 2008.

Additionally, on September 5, 2008, OAPP received \$200,000 (NCA No. 5U62PS923479-05 REVISED) in supplemental funding in response to an application submitted by OAPP to enhance HIV prevention services through a social networking model for MSM.

On November 20, 2008, OAPP was granted a 12 month extension for the HIV Prevention Projects award, and received a partial award from CDC (NCA No. 3U62PS923479-05W1), in the amount of \$3,150,043 for the period of January 1, 2009 through December 31, 2009 (CY 2009).

CDC has also informed OAPP that it will continue to work with its Procurement and Grants Office to obtain an additional 12 month extension for the HIV Prevention Projects award for CY 2010. CDC will provide OAPP details of the second extension once the details have been finalized.

HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project

On April 8, 2006, OAPP submitted an application to the CDC for funding of the HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project.

On December 19, 2006, your Board authorized the Director of DPH, or his designee to accept NCA No. 1U18PS000295-01 from the CDC in the amount of \$242,363 for the period of September 30, 2006 through September 29, 2007, and granted delegated authority to accept related NCAs from the CDC for the subsequent project period and budget year funding period of September 30, 2007 through September 29, 2008, subject to review and approval by County Counsel and Chief Executive Office and notification of the Board offices.

On October 25, 2007, DPH exercised the delegated authority granted by your Board on December 19, 2006 to accept NCA No. U18PS000295-02 in the amount of \$242,550 for the period of September 30, 2007 through September 29, 2008.

On September 10, 2008, DPH received NCA No. 3U18PS000295-02S1 from the CDC in the amount of \$88,395 for the period of September 30, 2008 through September 29, 2009, extending the project period by an additional 12 months and granting OAPP a supplemental award.

The contract terms with the existing service providers for the HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project, AIDS Healthcare Foundation, AltaMed, and Los Angeles Gay and Lesbian Center, will be ending on June 30, 2009. OAPP anticipates returning to your Board in May 2009 to extend these contracts along with other Health Education/Risk Reduction and HIV Counseling and Testing service agreements.

Exhibit I (NCA 3U62PS923479-05W1), Exhibit II (NCA No. 5U62PS923479-05 REVISED), Exhibit III (NCA No. 3U18PS000295-02S1) have been approved as to form by County Counsel.

IMPACT ON CURRENT SERVICES (OR PROJECT):

Funding for the HIV Prevention Projects will ensure the continued provision of a variety of Countywide HIV prevention services vital to the ongoing efforts to reduce the incidence of HIV infection among residents at risk for HIV/AIDS and the overall prevalence of HIV and AIDS among the population of Los Angeles County.

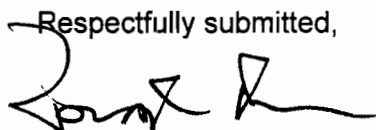

The social network pilot project supplemental funds will provide HIV prevention education to African American MSM in an attempt to encourage testing for HIV and to reduce the incidence of new HIV infection and the overall prevalence of HIV infection in the African American community.

The HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project supplemental funds will allow OAPP to continue to manage, administer, and evaluate the progress of rapid HIV Testing in non-traditional testing sites. The HIV Rapid Testing Algorithm in Non-Traditional Test Sites to Improve Linkage to Care Project is designed to reduce the delay of receiving confirmatory test results and increase linkage to care by providing same-day referral and appointments to persons testing HIV-positive.
